

Join us to be part of the AOTrauma  
ORP faculty team

### **In your role as an AOTrauma faculty you will:**

- Play an active role in teaching at annual courses, lead discussions, assist or run practical sessions and give lectures.
- Be expected to commit yourself to the precourse preparations.
- Motivate learners by promoting interaction.
- Act as a role model and provide valuable feedback to the participants.
- Be supported in developing your skills in teaching, both on a specialized faculty education program and during the events as practicing faculty.

### **Do you meet the following criteria?**

- You are motivated and enthusiastic.
- You are experienced and practice the AO Principles.
- You have completed an AOTrauma Course—Basic (Advanced) Principles of Fracture Management for ORP.
- You have (preferably) previous teaching experience (ie, teaching at your institution).
- You know an existing AOTrauma ORP or surgeon(s) who support(s) your application.
- You are an AOTrauma member.

### **Your benefits**

There are many benefits available to AOTrauma faculty, including:

- Free attendance at AOTrauma events
- Invitation to attend the Faculty Education Program to improve teaching skills
- Invitation to teach at regional or international AOTrauma courses
- Multiple opportunities to network with colleagues and peers within the AOT faculty
- Access to the ORP support faculty package
- Participation in online forums

### **How to apply**

To become an AOTrauma faculty member, please contact:

Anna Dönz
